41 cartes

Règles du Mistigri :

Les cartes sont mélangées et distribuées aux joueurs. Chaque joueur doit déposer sur la table les paires qu'il possède. Lorsqu'il n'en a plus, il essaie d'en réaliser de nouvelles en tirant une carte dans la main du joueur à sa gauche.

Pour faire une paire, il faut **2 cartes de la même valeur**.

Mais attention ! Une seule carte n'a pas de correspondante: c'est le Mistigri (ici représenté par un soldat romain).

Le perdant est celui qui se retrouve avec le « Mistigri » en main, alors que tous les autres joueurs ont pu se débarrasser de toutes leurs cartes en réalisant des paires.
